# Young Gap | Introduction

Specialized in steel pipe trading with over 10-years experts providing wow-experience for customers

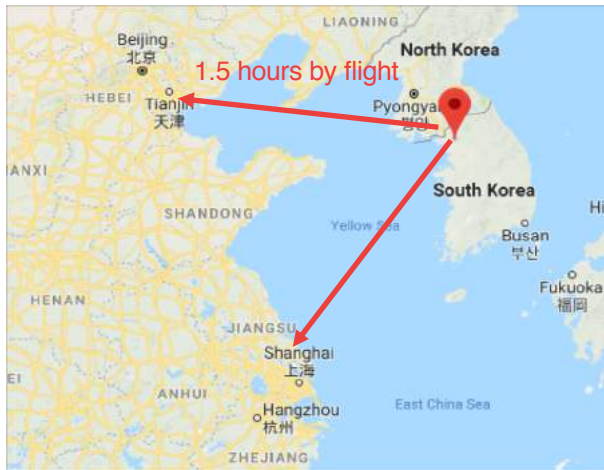

Perfect location to source China & Korea, headquarter in Seoul

Over 10 years steel pipe trading experts in global market

Fast growth in sales volumes based on IT expert

**Kenneth Kim / Co - CEO**

Kenneth has over 10 years pipe trading expertise and was in charge of unit leader in Posco Daewoo Corp.- The largest steel & commodity trading company in Korea. He has experience of supplying pipes for Energy, construction, automotive, mechanical parts industry for worldwide customers.

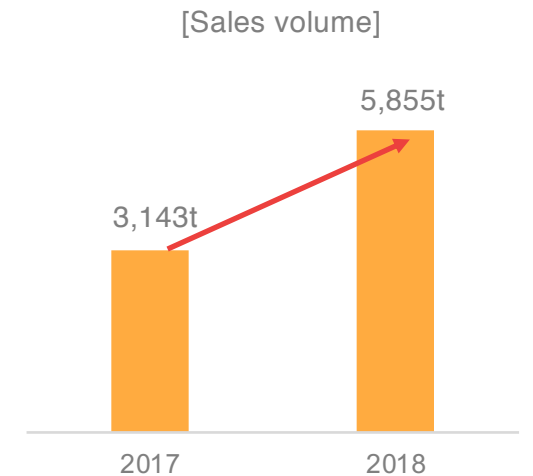

Along with pipe item, he also has comprehensive knowledge about various steel items such as HR, CR, GI, Wire Rod, Black Plate and Stainless by serving as overseas sales representative in Latin America region.

**Joey Lee / Co - CEO**

Joey has both trading and IT expertise. Before Mr. Pipe Offer, he had worked for Posco Daewoo Corp as a strategy analyst for 5 years.

Then, he started new career as an entrepreneur in IT business. He co-founded the world's first mobile lock-screen advertising platform (Buzzvill) and contributed to grow to Top 56 High-Growth Company in Asia-Pacific by Financial Times(2017) as a Chief Operation Officer. He was in charge of Digital Marketing, Data Analysis, Service Operation and HR/Finance.

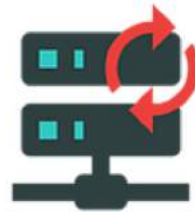

# Why Young Gap

Help buyers to make a smart purchase by providing optimal sourcing options and make sure “No quality issue happen” with systematic management

## Strong sourcing presence in China & Korea

Specialized in sourcing world's top pipe-producing countries. Strong network with mills and vast supplier database(DB) make our work fast and simple.

## Systematic & efficient trading service based on IT

Systematic approach to trading make our service high-quality and consistent. Well-arranged IT tool & work process make your work easier and simpler.

## Data-driven consultation based on vast supplier DB

We believe that number never lies. We consult you with data, not just experience and gut.

# Our service | Trading service

We provide trading service from A to Z in a very systematic way so that customers get exactly pipes that they expect without worry.

# Our service | Online service

[Mr.pipeoffer.com](http://Mr.pipeoffer.com) provides “Price Search” & “Maker Info” to help buyers to purchase good-quality pipes at the lowest price with minimum resources – time & money.

**Price search**

**STEP 1** Select product line, product name, spec, and grade correctly. All of them need to be selected to search prices.

**STEP 2** Compare prices and click below “View Maker” button to check out each manufacturer’s information.

**STEP 3** Leave inquiry in [REQ page](#) or [send an email](#) to get final offer price from manufacturers.

**General information**

Location	China
Production line	SMLS
Product	Line Pipe, Boiler Tube & Alloy Tube
Production capa	200,000 ton per year
Product certificate	API 5L, API 5CT, ASTM A106, ASTM A333, ASTM A509
System certificate	System certificates

**Introduction**

This mill has specialty in manufacturing seamless steel tubes. The company’s production capa is 200,000 tons, including 50,000 tons for export. It has 4 lines of hot-rolling, hot-expanding, precision-drawing and cold-rolling, together with advanced heat treatment equipment. This mill try to be one-stop-service platform of seamless steel tubes. It’s famous for good quality considering price.

# Products & Specs

## Line Pipe

Type	Seamless / Welded (ERW / LSAW / SSAW)
Specification Grade	API 5L / ASTM A53 & A106 Gr.B, X42, X46, X52, X56, X60, X65, X70, X80, X100
Application Size	Oil/Gas/Water transportation 1/4" ~ 60"
Coating	FBE, 3LPE, 3LPP, Concrete (CAN/CSA, DIN, AWWA)
Spec.) Thread	Plain end / Bevel end

## OCTG

Type	Seamless / ERW
Specification	API 5CT
Grade	H40, J55, K55, L80 (13Cr), N80, C90, T95, C110, P110, Q125
Application Size	Extract oil & gas from the well Tubing : 1.660" ~ 4-1/2" Casing : 4-1/2" ~ 32"
Connection	EUE, BTC, Premium connection

## Boiler Tube & Alloy Tube

Type	Seamless / ERW
Specification	A106, JIS G3454, A179, A192, A210, A335, SA-213, SA-179
Application	Boiling water pipe, Low/Medium pressure boiler
Size	15.9mm ~ 139.8mm

# Products & Specs

## Round / Square & Rect. Pipe

Type	ERW
Specification	ASTM A500 / A252
Grade	Gr.B, Gr.C / Gr.1,2,3
Application	Hollow section for construction material
Size	Round : 1" ~ 24" Square : 25X25~400X400
Surface	Black lacquer, Varnish coating Pre-galva, Hot dip galva

## Precision Tube

Type	Seamless / ERW & Cold drawn process
Specification	STKM 11A/12C/13C, EN10297, EN10305 Gr.355
Application	Precision tube for machinery, Automotive, Plant parts
Size	11.8mm ~ 318.5mm

## Grooved Pipe

Type	ERW & Grooving process
Specification	ASTM A795
Grade	A
Application	Water pipe for fire fighting
Size	1-1/4" ~ 10"
Surface	Red painting

# Products & Specs

Heavy W.T Pipe for Offshore Platform

Type	LSAW (JCOE Press Bending)
Specification	API 2W / API 2H
Grade	Gr.50, Gr.60 / 42
Application	Pipe for offshore pile
Size	O.D : 14" ~ 100"
	W.T : 13mm ~ 95mm

Drill Pipe

Type	Seamless
Specification	API 5DP
Grade	E, X, G, S
Application	Drilling oil & gas well
Size	2-3/8" ~ 6-5/8"
Connection	EU, IU, IEU

Half Chord for Jack Up Rig

Type	LSAW (JCOE Press Bending)
Specification	ABS EQ70, DNV NV-F 690, ASTM A514F/A517 Gr.Q Mod
Application	Half chord for building jack up rig
Size	O.D : 14" ~ 60"
	W.T : 13mm ~ 95mm

# Manufacturers | Available Sourcing Pipe Mills

We handle over 50 verified manufacturers from China & South Korea

	China	South Korea
SMLS	Hengyang, Xigang(Jingjiang), Changbao, Huayou, Tianda, Baotou, Shengtian, Xinyegang, Huarun, Fengbao, Molong, Xinyegang, Xinbaoyi	Iljin
ERW & SAW	Yuantai, Youfa, Baolai, TYT, Dongpeng Boda, Zhaolida, Tianjin United, Yulong, Baoji, TIPO, PCK, Manyingxing	Seah, Hyundai, Husteel, Histeel, Hansung, Dong-a, Kukje, Dongyang
